BLACKWOOD SUPPORTS UKRAINE

Blackwood are looking to turn the Town Blue and Yellow in support of the Ukrainian people in their continued struggle against Putins war on their country.

As we did to show our support of the Breast Cancer Unit for Ysbyty Ystrad Fawr we will be decorating lamp posts and asking businesses in town to decorate their windows similarly. We are currently seeking a licence from Caerphilly C.B.C. to enable street collections to be made on the High Street, hopefully on Saturday 26th March.

The response to the collection point for donations at the Moose Hall has been amazing, showing just how much our community cares and supports Ukraine , and this will be another opportunity for the Town to come together in support over that weekend.

Also considering asking churches/ schools and other organisations in the area to organise special events to raise funds, whilst also looking into the possibility of a short service in support at the Dragon Circle (adjacent to ASDA) on Sunday 27th.

Any persons/ organisations interested in assisting or with any ideas please email me john.hold1@gmail.com

Many thanks

John

Clerk to Blackwood Town Council
